Subject: John Wayne Marina

Good Afternoon,

Regarding the John Wayne Marina, the Board of Commissioners of the Port of Port Angeles recently directed the Port's Executive Director to contact local governments, area tribes, and appropriate not-for-profit entities to solicit their interest in acquiring the marina, and to advise any for-profit potential purchasers of the marina that the Port will not entertain any offers for the purchase of the marina by any for-profit entity at this time or in the future, unless specific action is ordered by the Board of Commissioners. Accordingly, please be advised that the Port will not consider any offer by a for-profit entity to purchase the John Wayne Marina. We have noted your interest in the marina and your contact information for future reference, in the event that the Port Commission wishes to revisit the possibility of the sale of the John Wayne Marina to a for-profit entity.

Have a nice weekend,

Holly Hairell
Port of Port Angeles
