Hello John and Karen,

Thank you for the opportunity to provide feedback to this very important RFI. I think it is necessary to add "Tribal Considerations" to go along with those of JWE, the Port and the City of Sequim. Also, I have added two additional criteria to the proposal content, which further emphasize collaboration and environmental stewardship. The additions have been made to the attached document as tracked changes. Please feel free to contact me if you have any questions or would like to discuss further. Thank you.
