

Port of Port Angeles Community Partner Program Application

The Port of Port Angeles' 2023 Community Partner Program offers matching funds of up to the amount established during the annual budget process for use in eligible economic development projects, education projects and workforce training, community events, tourism promotion projects, and environmental stewardship programs in Clallam County. Annually the Commission's goal is to utilize 4% to 5% of the Port's property tax revenue for the benefit of the citizens of Clallam County. To be eligible, the applicant must be a public or non-profit group or an incorporated or unincorporated small city of no more than 10,000 residents. Each applicant's request will be limited to \$10,000 or less. Port sponsored events or projects promoting Port facilities or the Port's mission will be part of the Port's operating budget rather than being included in this program.

Definitions

Tourism Promotion Project: A tourism promotion project attracts non-Clallam County residents to Clallam County to partake in the tourist event, program or activity.

Community Event: A community event is a local event or activity which may attract non-Clallam County residents. A community event must provide the Port the opportunity to educate and market the Port to the event attendees.

Education Project and Workforce Training: An education project will identify, evaluate, and/or provide exposure to local needs and opportunities in the areas of workforce training, vocational outreach and/or career education for Clallam County residents in manufacturing and the skilled trades. A workforce training project may include occupational job training and placement, job advancement and job retention, pre-apprenticeship training, or occupational programs associated with the local economy and development. Such programs may be operated by either non-profits, private, or public entities. Although the Port is authorized to work with private entities for workforce training, the Community Partner Program is limited to governmental agencies and non-profits.

Economic Development Project: An economic development project promotes the creation and/or retention of jobs and the growth of household incomes in Clallam County, through the development of new industry and trades or through the expansion of existing industry and trades, including trades that rely on the use of Port properties and facilities.

Environmental Stewardship Project: An environmental stewardship program promotes environmental improvements through projects such as watershed management and habitat protection (RCW 35.21.278). Environmental stewardship projects require, by statute, a 3:1 cost-share match by the applicant. A match may include, but is not limited to, volunteer time at a predetermined rate (including participants' time), in-kind donations, and cash donations or grants acquired during the project. The Port has restricted this program to the following qualifying applicants: Non-profits and Tribal entities only.

How It Works

The Board of Commissioners determines the total funds available, as stated above in introduction. For 2022, \$10,000 will be allocated for environmental stewardship projects, with the remaining funds being split as follows: no more than 25% for tourism promotion projects and community events, with the remaining 75% of funds being available for education and workforce training projects and economic development projects.

The application window will open on September 1, 2022, and close at 5:00pm on September 30, 2022. All applications will be \$10,000 or less. Following the solicitation period, Port staff shall perform a “pre-screening” of the applications ensuring the application is complete and supporting documentation is attached if necessary. Port staff may reject applications that are incomplete or fail to meet the legal requirements set forth for port districts in RCW 53.08.245, RCW 53.08.255, RCW 53.08.260-.270, RCW 53.08.420, and RCW 35.21.278. Port staff will forward all eligible proposals to the Board of Commissioners by October 15, 2022. The Board will then award funds based on the proposals meeting the definitions above and the availability of funds. The awards will be determined no later than the 1st Commission meeting in December. The number and value of individual awards may vary from year to year depending on the selections by the Board of Commissioners, available funds and the proposals submitted. Each successful applicant then has until the end of the 2023 calendar year to spend the project money and submit supporting documentation to the Port of Port Angeles for reimbursement. If funds are needed in advance, the applicant must appoint a fiscal agent who can pre-pay the funds to the applicant or the vendor.

Guidelines

1. Projects must provide a direct link to economic development, education and workforce training, community events, tourism promotion projects, and environmental stewardship programs as defined above.
2. Applicants must limit their request of funds to \$10,000 or less.
3. Applicants must document need/benefit for their project. For example, in the education project and workforce training category, documentation could demonstrate the need for vocational outreach to local schools about the skilled trades.
4. Projects deemed most “ready-to-go” or that fill a needed funding gap shall receive preference. For example, if project funding helps to secure additional funds from the public or private sector, the project would receive preference.
5. A minimum 1:1 cost-share match by applicant is preferred for all categories except for environmental stewardships projects. Match does not necessarily have to be local dollars; in-kind contributions will be considered. Matching funds must be firmly committed and documented as part of the application.
6. A minimum 3:1 cost-share match by applicant is required for the environmental stewardship project category. Matches may include volunteer time at a predetermined rate (including participants’ time), in-kind donations, and cash donations or grants acquired during the project.
7. Reimbursement by the Port is based on actual expenses documented by the applicant through paid invoices. Proof of payment must be submitted with the invoices. All payments will be made to the organization or group requesting the funds, or a fiscal agent appointed by the organization or group.
8. Projects should be consistent with the applicant’s and/or Port’s mission and/or strategic plans.
9. Projects must be within the legal and statutory authority of a port district*.
10. Following award notification, an interlocal agreement may need to be executed with the Port of Port Angeles.
11. Applications for financial support for on-going operations of the applicant will not be considered.
12. Once the project is complete, a 3 minute presentation to the Port Commission at an open public meeting is required.
13. Preference may be given to applicants who have not previously received two (2) consecutive years of Community Partner Program funds.

14. Preference will be given to applicants who have not received Lodging Tax Advisory Committee (LTAC) funds for their project.
