## EXCAVATOR REQUEST FOR QUOTATIONS

REV1 4/2/0215

The Port of Port Angeles is interested in purchasing a used or new midi-excavator in good condition. We are seeking responses from reliable heavy equipment companies offering vehicles that meet criteria established by the Port including a warranty. The Port intends to perform field mowing of grass swales and slopes (requires a 22 ft+ reach with mower attachment) and standard underground utility line repairs and replacement. Selection criteria includes, but is not limited, to the following:

- Good Condition including but not limited to engine, body, interior, tracks, etc. Minor scrapes or dents may be determined acceptable by the Port, or be repaired prior to sale
- Excavators manufactured by John Deere, Hitachi or Caterpillar are preferred but all qualifying proposals will be evaluated
- Approximately 18,000 lb operating weight with cab
- Rubber or rubber infused tracks
- Swing boom preferable for tight working conditions
- Auxiliary plumbing 25 gpm minimum for mower/attachment operation
- Satisfactory equipment maintenance history record (rental fleet roll outs are acceptable)
- Low hours – less than 2,000 hours +/- Preferably less than 6 years old
- Availability of local authorized maintenance preferably on North Olympic Peninsula
- No grey market equipment. Not interested in equipment purchased through auctions.
- Optional hydraulic or manual quick release attachments as listed below. **List each attachment including separate price including sales tax**
  - Desired attachments: 12" digging bucket
  - 24" digging bucket
  - 48" cleanout bucket
  - 50" Flail Mower (list required oil flow rate)
  - Plate Compactor
- Minimum 90 days or 100 hours, 100% labor and materials, "no questions asked" warranty – transferable Manufacturer's warranty is also of interest
- Competitive pricing – the Port at its own discretion may consult other sales in area, online equipment estimates, or other sources – total cost of ownership is of interest –

Port of Port Angeles  
P O Box 1350  
338 W. First Street  
Port Angeles, WA 98362  
Ph: 360-417-3446  
Email: randyb@portofpa.com

- Pricing shall include all costs for selected configuration including delivery fob Port of Port Angeles Mechanic Shop, 1301 Marine Drive, Port Angeles, WA and 8.4% sales tax
- Readily available – the Port will have staff and/or utilize a mechanic to inspect the equipment prior to a purchase decision

The Port solely reserves the right to make a selection or refuse any and all offers. Any decision made to accept an offer shall be made only in the best interests of the Port. Prices shall be held for a minimum 30 days.

Offers shall be addressed to Randy Brackett, Port of Port Angeles, 338 West First Street, Port Angeles, WA 98362. An initial review of offers submitted shall occur April 10, 2015. Subsequent reviews may be made if none of the initial offers are accepted. Contact Randy Brackett, Public Works Manager with any questions at 360-417-3446.
