Correction #**PORt OF PORT ANGELES TARIFF ADDENDUM SURCHARGE IN EFFECT  
As of January 1, 2023, for monthly adjustment -**

The Port of Port Angeles is assessing a fuel surcharge for the following:

Log Yard Rates: **\$0.35 per load**

Terminal 1: as per Tariff 200 issued July 1, 2025

Terminal 3: as per Tariff 200 issued July 1, 2025

The fuel surcharge program will be reviewed again on February 20, 2026, and implemented according to the schedule and monthly operations. It will remain effective if the cost of low-sulfur diesel fuel exceeds the levels prior to October 2021 for Log Yard and Terminal Equipment Rental Activities.

In the event the average monthly price of Retail On-Highway Diesel Fuel equals or exceeds \$2.50 per gallon, the surcharge will be applied on the effective day of the following month.

Notification of an increase will be given within three (3) days before the effective date of each following month.

When the average US Department of Energy website diesel fuel drops below \$2.50, no fuel surcharge will apply.
